Nature of Complaint:

To Whom It May Concern:

As a resident of Anthem, I am very concerned that we are- in a manner of speaking- suffering from "Taxation Without Representation"! We want to know how it happened we are being charged for wastewater services we do not receive. You were elected to be watch dogs to maintain fair rates for the citizens of Maricopa. A fair rate does not require a district to pay for services it does not receive.

Please DECONSOLIDATE US, CUSTOMERS OF AGUA FRIA wastewater district.

Sincerely yours,

Miller & Ruth Lee

Nature of Complaint:

Please consider removing Anthem from Agua Fria Waste water system.
As a taxpayer, voter, and citizen please allow us to only pay (one) water bill + (one) waster water bill.
We in Anthem have been hit too many times by rate increases and no longer feel we should be subsidizing another district.

Utility Company. **Arizona - American Sewer Company**

Division: sewer

Contact Name: Karl Wilkins

Contact Phone:

Nature of Complaint:

To who it may concern:

We live in Anthem, Arizona, and are paying some of the highest water and waste water rates in the country. The fees we pay include paying a portion of those customers waste water rates who live in the Agua Fria water district. I am tired of paying for another district's waste water when there is no benefit to me and my wife since we live in Anthem, not Agua Fria.

As a commission, you have a responsibility to treat all citizens of this great state fairly. In this regard, the rates of all districts should be consolidated so we pay the same for our water and waste water needs. If the commission is unwilling to take this action, then the next fairest step would be to deconsolidate the rates in all districts, so that customers in each of the individual districts are responsible for the actual cost of water and waste water in their district, and not the cost of water and waste water in other districts.

Thank you for your consideration of this issue.

Jim and Sandy Junker

To Those in Deliberation:

RE: Docket No. SW-01303A-09-0343

I have moved to Anthem Az in 2005 to enjoy retirement. Rarely I have entered my opinion in political matters. But this item has captured my attention. While Anthem is a new community (1999) its infrastructure was built with the financial support of those who have chosen to live here. Fortunately, several families have purchased a share of the debt while buying or building homes in Anthem. In all fairness, the funding of sewage systems servicing other parts of the valley should not additionally be added to Anthem residents responsibilities.

Respectfully submitted,

John Schwalbach
